

Test doc 1

Some text

new line

New para

The screenshot displays the PageSeeder web application interface. At the top, the PageSeeder logo is visible. Below it, a navigation bar shows the user 'Philip Rutherford' and a breadcrumb trail: 'Home > ps-doc > user > group /ps'. A search bar on the right contains the text 'group /ps'. Below the navigation bar, there are buttons for 'New Comment', 'New Task', 'New Document', 'Upload Document', and 'Publish'. A 'RECENTLY VIEWED' section lists various documents and users. A search results overlay is displayed in the center, showing a list of documents matching the search term 'group'. The results include document names, file names, and IDs. At the bottom of the overlay, it states 'Results matching group in PageSeeder documents' and 'Only top 10 results shown'. Below the overlay, a section for 'HIGH PRIORITY TASKS (6)' is partially visible.
